SUMMARY

Over 2 years of experience in the IT industry, specializing in government projects. Proficient in front-end and back-end development, including designing, coding, testing, and deploying.

TECHNICAL SKILLS

- **Programming Languages** : PHP, JavaScript, SQL
- **Technologies/Frameworks** : HTML5, CSS, React, Laravel
- **Database Management** : MySQL

WORK EXPERIENCE

Developer | Urban Administration & Development Dept. SUDA

Oct 2023 - Present

- Led development efforts for multiple Laravel projects, focusing on scalable and efficient code architecture.
- Collaborated with cross-functional teams to deliver robust web applications, ensuring adherence to project timelines and client requirements.
- Optimized database queries and application performance, contributing to a 20% improvement in response times across projects.
- Technologies Used: Laravel, MySQL, Git.

Developer | National Informatics Centre

Nov 2022 - Sep 2023

- Engineered and maintained web applications using React.js, ensuring seamless and responsive user interfaces.
- Partnered with the development team to conceptualize, implement, and troubleshoot new features, enhancing overall product functionality.
- Optimized code performance and conducted thorough testing to uphold quality standards and improve user experience.

PROJECTS

[\[Link\]](#) Single Window System - Front End Development

Tech Stack: React.js

- Led the front-end development of the Single Window Clearance System Portal using React.js, ensuring intuitive user interfaces and seamless navigation.
- Collaborated closely with a cross-functional team to integrate dynamic features and enhance user experience on the platform.
- Applied responsive design and optimized performance to create a client-friendly, user-focused interface.

[\[Link\]](#) Digital Solutions for ULB Processes and Financial Proposals

Tech Stack: Laravel

- Streamlined multiple Urban Local Body (ULB) procedures, enhancing efficiency and transparency through digital solutions.
- Implemented comprehensive forms and reporting mechanisms for National Green Tribunal (NGT) compliance on waste management, ensuring adherence to environmental regulations.
- Automated the creation and submission of proposals under the 15th Finance Commission, improving accuracy and reducing processing time.

EDUCATION

Pt. Ravishankar Shukla University, Chhattisgarh

Dec 2019 - Oct 2022

Master of Computer Applications, 83.2%
